

New York State Maple Foundation, Inc.

3473 Route 14, Watkins Glen, NY 14891

2011 Annual Appeal

Help support In-School Maple Programs and more

The mission of the NYS Maple Foundation is to inform and educate the public in order to increase awareness and appreciation of the diversity and quality of the state's maple products, of how maple products were made in NYS historically, of how that process has changed over time, and the environmental sensitivity with which sugar bushes are managed and syrup is produced; and to support maple-related research.

Your generous contribution will strengthen the NYS Foundation's ability to reach out to consumers, children and others with important messages about maple products and how they are produced; and also to support much needed maple research and technical assistance to help increase the efficiency and competitiveness of NYS's maple industry.

Donations to the NYSMF will be leveraged at least 1:1, and generally many times more by grants and matching funds expected to be received from government agencies, non-profits, and corporations. Your contributions are critical to the success of this effort – funders are watching to see a significant demonstration of the maple industry helping itself, as well as relying on outside sources.

NYSMF is a 501(c)(3) non-profit organization; and as such, your donation may be tax-deductible to the extent allowed by law. The NYSMF is recognized by the NYS Charities Bureau.
